MRS. ALBERTA E. CROWE,
PRESIDENT

THE WOMAN'S INTERNATIONAL BOWLING CONGRESS, INC.

The Woman's International Bowling Congress, Inc., the feminine counterpart of the ABC dates back to 1916 when a group of forty women became interested in the game of American tenpins and decided to set up standard rules and regulations, thus maintaining harmony and coordination in the sport of bowling.

Today this organization numbers more than a million and three quarters women bowlers, and the W.I.B.C. Championship Tournament has been recognized as one of the greatest events in women's sports.

Mrs. Alberta E. Crowe of Liverpool, New York, heads this non-profit organization which fosters and encourages sanctioned competition among women. The Woman's International Bowling Congress, Inc. is recognized as holding complete jurisdiction of women's bowling, and is constantly on the alert to keep its members informed regarding techniques, rules and etiquette, and to promote the game of bowling.

MRS. EMMA PHALER,
SECRETARY

The Secretary of the W.I.B.C., Inc., Mrs. Emma Phaler, is on duty at all times to advise on any problems. Throughout the years, thousands of letters are answered pertaining to the game, in addition to supervising bowling leagues and bowling tournaments.

The advent of women in bowling is considered by many in the industry as the turning point in the phenomenal growth of the game. The Woman's International Bowling Congress, Inc. has played a great part in increasing the interest in bowling among women, and it provides services for its members such as - providing literature and books of Rules and Regulations to all leagues, issuing membership cards, and sanction certificates for leagues, cities, states and special tournaments. The Congress also supplies each league secretary with average calculators, league standing sheets, and league record cards.

The Congress' promotion of the sport includes its awards for proficiency in bowling and provides handsome awards for high score totals, 300, 299 and 298 games, emblems to each sanctioned league's championship team, emblems for additional bowling skills such as triplescores, 7-10 or Big Four split conversions, All Spare games, Dutch 200 games, and an achievement award to the most improved woman bowler in the league each year.

The official W.I.B.C., Inc. magazine, "The Woman Bowler", features articles on women's bowling, and explanation of rules which are of benefit to all members of the Congress. In addition, a News Service Bulletin is provided to newspapers, radio, TV, City and State Associations, giving the latest information, facts and figures about the Woman's International Bowling Congress, Inc.

An Annual Championship Tournament is conducted each year to establish the W.I.B.C. Champion Women Bowlers in Team, Doubles, Singles and All Events. This tournament is not confined to the experts alone; all may enter. Each year the event is held in a different city, thereby giving all women bowlers an opportunity of participating in a National Tournament.

The Queens Tournament, a companion event of the W.I.B.C. Championship Tournament, will be introduced during the 1961 tourney in Fort Wayne. The first Queens Tournament attracted 122 entrants, and this individual match game event is certain to become one of the major classics in the nation.

During the time the W.I.B.C. Championship Tournament is being conducted, an Annual Convention is held. Each member association has a voice in the policies of the W.I.B.C., Inc. through the election of delegates to the annual convention, where all rules, by-laws and regulations are presented, revised, or amended by the assembled delegates. The number of delegates are allotted according to a city's membership and then elected at a city association meeting.

The Woman's International Bowling Congress, Inc. is proud of the support its members have given to the Bowler's Victory Legion, a program which centers its efforts on the service men and women in the veteran hospitals. Reports, listing the regular generous contributions, indicate the associations have not forgotten the war veterans.

With the advent of more leisure time, and the country-club atmosphere of today's modern bowling establishments, as well as the availability of lanes during the daytime hours, more and more women are turning their attention to bowling, for through this sport they can enjoy both mental and physical relaxation, as well as compete in friendly competition. Keeping step with this increase in bowling is the Woman's International Bowling Congress, Inc. - always endeavoring to elevate this great game of American tenpins.

A qualifying round will be held on the W.I.B.C. Tournament lanes to determine a MINIMUM of 28 positions for the final field of 32 women, who will then begin match game competition in two brackets of 16 women each. Each contestant in the qualifying round will bowl 8 games across 16 lanes - 4 games on one day, and 4 games on the next day.

All State All Events Representatives will compete among themselves to determine the two (2) women to qualify for the finals; the scores of the remaining State Representatives will be placed among the scores of all qualifiers. Total pins to determine who will qualify for match play.

All players start in the WINNERS BRACKET, however, after a bowler loses one match, she enters the LOSERS BRACKET. When a bowler loses two matches, she is eliminated from further competition. In the finals competition, the undefeated survivor of the WINNERS BRACKET will be matched against the winner of the LOSERS BRACKET, whose record will show only one defeat.

Each match is over four games, and total pins will determine the winner. The winner of each match will receive \$40.00.

If the bowler from the WINNERS BRACKET wins the first match, she will become the champion. A victory for the bowler from the LOSERS BRACKET would tie the two finalists at one defeat apiece and require them to bowl a second match for the championship.

The champion will receive a specially designed wrist watch, have her name engraved on the perpetual WIBC QUEENS trophy displayed at W.I.B.C. Headquarters in Columbus, Ohio and receive a replica of the WIBC QUEENS trophy for permanent possession.

THE QUEENS TOURNAMENT
W.I.B.C. "SPECTACULAR"

For the first time in W.I.B.C. history, a major change has been made in the format of the W.I.B.C. Championship Tournament. The Queens Tournament, an individual match game classic, will be conducted in conjunction with the annual tournament.

The Queens Tournament has its own entry fee and prize list, and entrants into this event must complete their W.I.B.C. bowling before competing in this classic.

Entrants competing in the Queens will bowl in the Regular Qualifying Field, or as State All Events Representatives; those exempt from qualifying are the 1960 WIBC All Events Champion and the Bowler of the Year.

A qualifying round will be held on the W.I.B.C. Tournament lanes to determine a MINIMUM of 28 positions for the final field of 32 women, who will then begin match game competition in two brackets of 16 women each. Each contestant in the qualifying round will bowl 8 games across 16 lanes - 4 games on one day, and 4 games on the next day.
